Allowable Subject Matter

1. Applicant's arguments to the specification and 112 rejection are deemed to overcome the outstanding office action.

Claims 1 and 2 are allowable.

The following is an examiner's statement of reasons for allowance:

The prior art do not teach or suggest the inhibitor switch comprising a movable contacts to slide under the prescribed contact pressure against the fixed contacts; the movable base being interlock linked to a manual shaft of an automatic transmission inside a mission case of the automatic transmission and the rotation position of the manual shaft being detected by the rotational movement of the movable contacts with respect to the fixed contacts; a pole base side is positioned by mating with the mission case in the rotation direction of the manual shaft; a positioning bracket is provided, this bracket comprising an insert portion for inserting into the insertion portion at one end thereof and having the other end thereof secured to the mission case side; the insertion portion is provided in the pole base side and the pole side is positioned in the axial direction of the manual shaft by inserting the insert portion into the insertion portion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
